entrenamiento con la caja de tarjetas de vocabulario

Consigue una caja en la que quepan cómodamente las tarjetas de vocabulario.

Debe tener al menos dos particiones, que también puedes crear tú mismo.

- Pon las tarjetas con el vocabulario que aún no conoces al frente.
- Revisa las tarjetas una por una y primero intenta recordar su significado en español.
- A medida que revisas las cartas, todas las tarjetas que conocías van un espacio más atrás.
- Al día siguiente revisas las tarjetas del segundo compartimento.
- Lo que sabías colocas a un compartimento más atrás.
- Lo que no sabías vuelve a pasar al frente.
- Puedes revisar las tarjetas que están al dorso una vez por semana.
- Más adelante, deberás hacer estas ejecuciones mirando únicamente la traducción al español e intentando recordar el significado alemán del vocabulario.

Verbos en infinitivo

- Ordenar los verbos en 3 grupos:

verbo básico

schlafen ä

verbo separable

einschlafen ä

verbo no separable

verkaufen

- Ordena los verbos por

complemento en **Nominativ**

bin sind
bist seid
ist sind

sein

complemento en **Dativ**

helfen i

complementos en **Dativ- + Akkusativ**

wünschen

complemento en **Akkusativ**

haben ß

otros complementos

leben

sin complemento

regnen

- Organiza los verbos irregulares en un grupo.

Para hacer esto, debes prestar atención a qué verbos cambia la raíz verbal en la conjugación.
